

## Safeguarding Policy

St Ives Cycling Club is committed to the safety and well-being of all its members.

As an affiliated member of British Cycling, we are required to comply with a number of policies and procedures and codes of conduct to which all members, participants, parents and guardians, club officials, coaches and volunteers must comply. As such, we have formally adopted and implemented the British Cycling "Safeguarding Children and Young People Policy" and "Safeguarding Adults Policy".

Full details of these current Policies and Procedures from British Cycling can be seen here:
